

Dear Participants,

The IAU Symposium n. 325 on Astroinformatics is approaching and therefore in this circular you can find some useful details on how to reach the Hotel.

Unfortunately the arrivals are so scattered that it has not been possible to organize a systematic shuttle service from the airport to the hotel. **There will be 4 buses connecting airport to hotel on October 19th, respectively, leaving the airport at 13:00, 16:30, 19:30 and the last one at 23:30. The meeting point will be at the airport arrivals.**

In order to reach the hotel independently, we recommend the use of the private bus service run by "Autolinee Curreri" which departs from the airport every two hours accordingly to the schedule downloadable at the following link:

http://www.curreriviaggi.it/autolinee/images/AUTOLINEE_CURRERI.pdf

Note that the Curreri Lines also performs travels from the Central train station in Naples. For a complete list of services, please, consult the site <http://www.curreriviaggi.it/eng/index.php>

Tickets can be bought on board of the bus. The Curreri buses will take you to the Sorrento train station, from where you can call the hotel for a pick up service (ticket to be paid at the Hotel reception). Most other accommodations in Sorrento are within a walking distance from the station.

Final program is available at the web site. Some minor adjustments caused by slight changes in the participants schedule can take place.

Welcome cocktail

Beginning at 18.00 of October 19th there will be a welcome cocktail at the Symposium Hotel. And it will also be possible to register. Please remember that the registration fee can be paid only by cash.

Weather is expected to be fine, but lately the climatic conditions have been rather erratic and therefore we suggest you to bring also some warm clothing.

For any other info, please do not hesitate to contact us.

We look forward at meeting you in Sorrento for an exciting Symposium.

The Organizers
